A passionate web developer with a strong problem-solving mindset and a focus on delivering clean, user-friendly solutions. Experienced in developing efficient and innovative web applications, I stay up-to-date with the latest technologies to ensure top-quality results. Proven track record working with IT consultancies, software houses, and web agencies, successfully delivering projects on time and to specification. I am looking for a suitable position with a company where outstanding performance is recognized and where I can work on a variety of high profile projects.

WORK EXPERIENCE

Web Developer Jan 2024 - Jan 2025
GadgetroniX.net LTD, Arusha

As a Web Developer Intern at GadgetroniX.net LTD, I was responsible for designing, developing, and maintaining the company's website and online platforms. My role involved updating content, optimizing website performance, and improving user experience to showcase GadgetroniX's renewable energy solutions. I collaborated with the marketing team to implement SEO strategies, managed product listings, and ensured the website aligned with the brand's vision. Additionally, I worked with PHP and WordPress to enhance website functionality and troubleshoot technical issues, contributing to a more efficient digital presence.

Web Developer Jan 2024 - Jan 2025
The Miracle Experience, Arusha

As a Web Developer at Miracle Experience, I was responsible for maintaining and enhancing the company's website to provide a smooth and engaging user experience for clients booking luxury hot air balloon safaris. My role involved updating website content, integrating booking systems, ensuring mobile optimization, and improving site speed. I worked closely with the marketing team to implement SEO strategies and enhance the online presence, while also ensuring the website reflected the brand's premium and adventurous identity. Additionally, I provided technical support and continuously improved the site's functionality to enhance customer experience.

Web Developer Jan 2024 - Jan 2025
Zanzibar Submarine Safaris, Zanzibar

As a Web Developer at Zanzibar Submarine Safaris, I was responsible for developing and maintaining the company's website to promote its unique underwater tourism experiences. My role included creating a user-friendly booking system, optimizing the site for performance and mobile responsiveness, and ensuring an engaging interface that reflects the brand's adventurous and luxury appeal. I collaborated with the marketing team to implement SEO strategies, updated content regularly, and integrated secure payment gateways to streamline the customer booking journey. Additionally, I provided ongoing technical support and worked to enhance the overall digital experience for both local and international clients.

Web Developer Jan 2024 - Jan 2025
The Tanzanite Experience, Arusha

As a Web Developer at The Tanzanite Experience, I managed and enhanced the company's website to deliver a seamless user experience for showcasing premium Tanzanite products. I was responsible for maintaining the e-commerce platform, optimizing page speed, and ensuring mobile responsiveness. My work included updating product pages, integrating secure payment gateways, and collaborating with the design team to align the website with the brand's luxury image. I also implemented SEO strategies to boost online visibility and supported digital marketing initiatives to enhance customer engagement.
